

## Did you know that you can link your company's profile to material groups or services you provide?

Buyer organisations have a feature to search for suppliers by material groups/services they provide and send out invitations to submit quotations for items. For more detail on how to link your company's profile to material groups/services follow this link,

<http://webportunities.net/Resources/Documents/Materials%20Services.pdf>

We have also now included buyer organisations' own material groups/services. So, you will now be able to link directly to their own material groups/services which will help you find items of interest fast and effortlessly on the Quotes|Tenders page.

In the below example I have linked Tara Nawa's profile to two material groups/services of Dundee Precious Metals Tsumeb.

<input type="checkbox"/>	Material Group	Linked
<input checked="" type="checkbox"/>	Chemicals : Sodium Carbonate	Yes
<input checked="" type="checkbox"/>	Cleaning and sanitation	Yes
<input type="checkbox"/>	Chemicals : Water Treatment	No
<input type="checkbox"/>	Cloth : Baghouse Bags	No
<input type="checkbox"/>	Cloth : Polypropylene	No
<input type="checkbox"/>	Construction : Cement	No
<input type="checkbox"/>	Containers : Sample Bags	No
<input type="checkbox"/>	Conveyors : Belting & Skirting	No
<input type="checkbox"/>	Conveyors : Scrapers & Accessories	No
<input type="checkbox"/>	Drilling : Drill Equipment & Spares	No

Now when I go to the Quotes|Tenders page I can quickly see if there are any items available to quote on matching the material groups/services I linked to with Dundee Precious Metals Tsumeb. By clicking on the "Search my Linked Material Groups" button, a number in red will be displayed next to the "Daily RFQ's" link if matching items were found.

 <p>Dundee Precious Metals Tsumeb</p>	Namibia	NAD	850 000 000	<a href="#">Summary</a>   <a href="#">Daily RFQ's (2)</a> <input type="button" value="Search my Linked Material Groups"/> <a href="#">View my Linked Material Groups</a> <div style="border: 1px solid gray; padding: 2px; display: inline-block;">             Insert keyword(s) separated by ',' and press enter to search.           </div>
--	---------	-----	-------------	---

In the example above there were only 2 matches and only with the “Cleaning and Sanitation” material groups/services as per below image.

Summary by Material Group | Details | Documents

List of RFQ Items Response Format: Single Row

Action	Line No	Buyer Name	Material Number	Material Group	Description	Extended D
	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
	23521	Rachel Bamm	RQN0052091_1	Cleaning and sanitation	0260010010 GEL PINE 20KG	
	23522	Rachel Bamm	RQN0052091_2	Cleaning and sanitation	0260010012 SCALE AWAY 25KG DRUM	

You can also make use of the search by keyword feature to find items of interest. **When you use this feature, always use the singular of the keyword and not the plural, as this can cause you to miss items of interest.**

In the below example I have searched for a keyword “pump” and it came back with a result of 15.

	Namibia	NAD	850 000 000	Summary   <a href="#">Daily RFQ's (15)</a>
	<input type="text" value="pump"/>			

To view these items, you click on the number in red to display them.

You can use multiple keywords in your search as well, for example I have now searched for bearing, pump, chemical and steel as my items of interest for Dundee Precious Metals Tsumeb. The following result was then returned.

	Namibia	NAD	850 000 000	<a href="#">Summary</a>   <a href="#">Daily RFQ's (38)</a>
	<input type="text" value="bearing, pump, chemical, steel"/>			

By linking your profile to material groups/services any visitor on the website will be able to find you on our Business Directory. **Please note that your profile will only be displayed on the Business Directory if you have an active paid registration. The minimum paid registration is R100 per month.**

In the example below “cleaning” was used as a keyword. Earlier we linked Tara Nawa’s profile to “Cleaning and Sanitation”. All company profiles where the keyword “cleaning” was matched with their material groups/services will now be listed.
